

FREE 411 Phone Information

Call: 1-800-FREE-411 or (1-800-373-3411)
1-800-GOOG-411 or (1-800-466-4411)

The phone numbers above are something that you will want to have and use!

Some mobile cell phone and some land line telephone companies still charge in upwards of \$1.50 to get a phone number from their own information services!

Don't waste your money on phone company based information calls, and don't waste your time manually dialing the number.

Above here are awesome services from "FREE 411" and "Google", and it's free -- great when you are on the road.

When I am driving along in my car, I need to call the Motel where we are going. All of our information is in our suitcases, which are in the trunk of my car and I don't know the number.

I hit the speed dial for information numbers that I have programmed (FREE411 – GOOG-411).

The voice at the other end says, "City & State."

I say, "Cleveland, Ohio."

It says, "Business, Name or Type of Service."

I say, "Business."

It says, "Name of business?"

I say, "Ramada Inn."

It says, "Connecting – Ramada Inn."

How great is that? These are nationwide services and they are absolutely free!

Depending upon which 411-information service that you call, some may have a paid advertisement that will play or can be text to your cell phone. Some services will give the phone number and will connect you to your party that you wish to speak, give you the address and provide additional detailed information upon request.

Click on the links below for more detailed information concerning these FREE services for your landline and mobile cell phones.
